The Examiner requires an election of a single alleged species, an identification of the species, and a listing of all claims readable thereon.

In response, the applicant elects, with traverse, the alleged Species I, claims 1-8 and 13. Claim 1 is generic to at least the elected claims.

Each of Examiner's rejections has been addressed or traversed. Accordingly, it is respectfully submitted that the application is in condition for allowance. Early and favorable action is respectfully requested.

If for any reason this Response is found to be incomplete, or if at any time it appears that a telephone conference with counsel would help advance prosecution, please telephone the undersigned or his associate, Joseph S. Iandiorio, collect in Waltham, Massachusetts, (781) 890-5678.

Respectfully submitted,
